Education

Sunder Deep Engineering College, Ghaziabad, U.P

Master Of Computer Application

Aug. 2022 - June 2024

Mahatma Gandhi Kashi Vidyapith University, Varanasi

Bachelor of Computer Application

Aug. 2019 - May 2022

Experience

Aradhya Technologies And Skill Development

Junior Web Developer

Varanasi, India | Oct 2024 - Present

- Developing and maintaining web applications using the MERN stack (MongoDB, Express.js, React.js, Node.js).
- Developed RESTful APIs, reducing response time by 30% and improving system reliability.
- Optimized application workflows, increasing team efficiency by 25% through cross-department collaboration.
- Delivered projects ahead of deadlines, achieving 100% satisfaction on key deliverables.

Projects

Digital Library Management System

Express.js, Node.js, React.js, MongoDB | December 2024 - Present

Ankit Yadav

ankityadavmca2299 | LinkedIn: ankit-yadav | GitHub: ankitjiyadav

- Developed a Digital Library Management System using the MERN stack to efficiently manage book records, user memberships, and borrowing/returning processes with a focus on seamless user experience and scalability.
- Designed and developed an intuitive front-end using React.js with dynamic search and filter options.
- Created RESTful APIs using Node.js and Express.js to manage book data and transactions.
- Integrated MongoDB for efficient data storage, ensuring scalability and fast data retrieval.
- Incorporated features like overdue notifications, book availability tracking, and admin dashboard.

Technical Skills

- Languages: Java, Python, JavaScript, HTML/CSS
- Frameworks: React.js, Node.js, WordPress, Express.js, Tailwind CSS
- Developer Tools: GitHub, VS Code
- Database Technologies: MongoDB, MySQL

Hobbies

- Reading
- Traveling
- Playing Cricket

Languages

- English
- Hindi

Certificates
